01 RECORDING SETUP

Wear the Iron Bird tank, same gym corner as the 10-minute workout video.
Phone vertical (9:16), at eye level, good light on your face.
Say each line straight to camera. Short pause between lines; we cut those out in editing.
Do each line 2 or 3 times so we can pick the best take.

02 THE SCRIPT · READ IT IN THIS ORDER

01 **You don't need a gym to work your core. You need ten minutes and a wall.**

02 **Here's the order: knees to the wall, push-ups, sit-ups with crunches, and a plank to finish.**

03 **Three to five rounds. If you're just starting, one round is enough. Do it right before you do it fast.**

04 **But this workout is only one piece. Real results show up when your training, your nutrition and how much you move during the day all line up.**

05 **I'm Sam, owner of Iron Bird Fitness, and that's exactly what I build with my clients here in Fresno: a plan around your schedule, one-on-one.**

06 **Want me to build that plan for you? Tap “Apply Now” below and my team will reach out.**
