NEW AD · EDITED FROM EXISTING FOOTAGE

10 MINUTES. NO GYM.

Value-first ad built only from clips of “10 Min Fat Burning”. No new filming needed.

FORMAT	LENGTH	PLACEMENT	CTA
Workout montage + talking head	**40–45 sec**	**Reels + Stories (9:16)**	**Apply Now · Lead form**

01 THE IDEA

The original video is 2:16: great value, too long for an ad. This cut keeps the strongest 45 seconds: a promise in the first line, the formula, the 4 moves in a fast montage, the “no excuses” line, and a clear call to action.

It gives away the workout first and sells the coaching second. People who save the workout but want results faster are exactly the leads Sam closes.

02 HOOKS · TEST THE FIRST 3 SECONDS

MAIN (RECOMMENDED FOR ADS)

“This is a 10-minute workout that's going to work this whole area. Get your whole body stronger.”

Clip 1:25 – 1:30

ALTERNATE A

“As you can see, I didn't use any weights. So please do not say, ‘Oh, I wasn't able to go to the gym.’”

Clip 1:58 – 2:06. Open with the objection, then show the moves.

ALTERNATE B (ORGANIC ONLY)

“This is a quick workout on how to get rid of the FUPA, the mom pouch, the dad bod, whatever.”

Clip 0:00 – 0:03. The strongest hook in the original, but it talks about the viewer's body and Meta often rejects that in health ads. Use it in organic Reels, not paid.

EDIT NOTES

How to cut it

01 STYLE

Keep the original look: black and dark red, the white “Iron Bird” tank, the red section titles. Same caption style as the original, bottom third, white text.

Montage cuts every 2–3 seconds on the beat. Talking-head parts stay on one shot so Sam's voice carries them.

Low music bed under the whole ad, ducked under Sam's voice. Quiet sound effects only on the 4 exercise titles, not on every cut.

02 OPTIONAL NEW LINE FOR SAM · 10 SECONDS TO RECORD

“If you want me to build your whole plan, cardio, nutrition and training, tap Apply Now.”

Same setup as the original talking head (Iron Bird tank, same corner of the gym). If he records it, it replaces the music in the last scene. Without it, the ad still works with the text CTA.

03 SOURCE FILE

Sam - 10 Min Fat Burning (2 min) 9×16.mp4 · Drive folder “November Folder”. Every timestamp in this script refers to that file.

04 META POLICY CHECKS

No body-shaming hook in paid ads (“FUPA”, “mom pouch”, “dad bod”): keep those for organic posts.

No promised results or timeframes (“lose X lbs in 10 days”). The ad sells a 10-minute routine and the coaching, nothing else.

No before/after shots in this cut.
